

## BIO

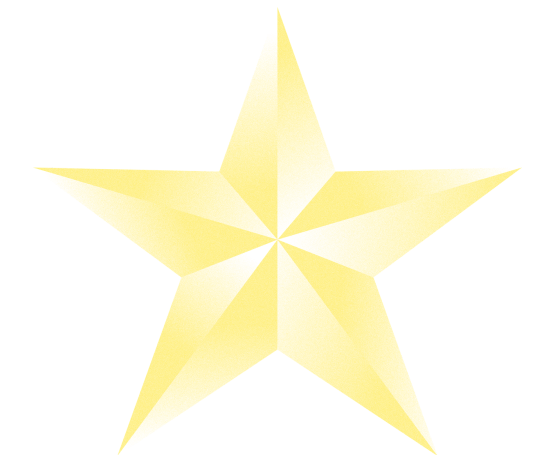

My name is Ochieng Moses a recent Graduate of the Power Learn Project Cohort 1 and an Alumni. Being part of Power Learn Project has been a foundation to a future that is promising for me and for Africa. Right from the beginning I knew this was right for me , meeting a great team that was ready to instill skills ,knowledge on various aspects which include basic concepts to computing ,to even advanced concepts like Programming by building modern day softwares solutions ,to Entrepreneurship.

This has been quite revolutionary being a Founder of three startups already with two ;

OCHIENG MOSES FOUNDER -

PLAN B & SHERIA STREET

## Plan B

This project managed to getting shortlisted from over 5000 applications for the Smart Lab Africa SMEs Program ,receiving strategic partnerships and incubation in one of the biggest incubation labs in Africa .

[link](#)

Sheria Street winning grants at Hill Innovation Justice and being aired on Tv47 as well as being shortlisted among top 20 startups in the Idea initiative Africa competitions this Year.

I would like to reiterate that the future is bright with Power Learn Project program and the community of #1millionDevsinAfrica is going to be quite revolutionary as we look to build African Solutions for Africa made from Power Learn Project.
